ALMA MATER
 Nearby the mighty Mississippi,
 couched in rolling hills
 Still stands our dear old Alma Mater,
 scene of heartfelt thrills
 Which come when we recall the friendships,
 formed in work and play,
 Among cadets and faculty at our own C. H. A.

Your staff for 1957 have enjoyed working on this issue of Sound-Off and we hope that we have recorded for you scenes that will bring happy memories in the years to come.

Faculty and Staff

Dear Cadets:

The casual observer glancing through this book might get the idea that athletics, military parades, music, and social affairs are the only things considered to be of significance at C.H.A. Of course, our accreditation rating and your weekly grade card attest to the contrary. Yet, we are very proud of the many opportunities for self-expression and achievement in these out-of-class-activities.

Technical knowledge is not enough. Industry tells us that about nine out of ten employees being fired are released due to inability to get along with other people, and not due to lack of knowledge, avail yourselves of experiences that teach you to live peaceably with your fellowman. What better ways can this be done than through such media as herein illustrated.

Yours for better citizenship,

David Gruchy

CHATS Instead Of WILDCAT

Your school paper has a new name. New? Hardly, for back in 1902 the cadets of CHA published a newspaper under the name we have adopted. In the vault, tucked away among other items of historical interest are several issues of the original CHATS. The name was obviously derived from the initials of the school with two letters added to make an appropriate word. To us it seems appropriate and suitable.
