FOREWORD

If September comes, can May be far behind? Though our Annuals begin with a reminder of the past year, recorded events through picture form reveal how quickly the future can become the present, and the present become the past.

May the Sound-Off this year remind you of happy events and cherished memories for months and years ahead.

Dr. David F. Gruchy
PRESIDENT

Spring housecleaning was once a real topsy-turvy affair. Work-saving gadgets nowadays do a pretty good daily job of this so we are not obliged to overturn our little world as often. Upon looking back at these earth moving operations it is obvious that most good came from discarding worthless junk.

In like manner our education, culture, and total personality are vastly improved by getting rid of accumulated junk --- prejudices, superstitions, animalistic behavior, or outdated knowledge. There just isn't sufficient working room in a mind that is all cluttered up.

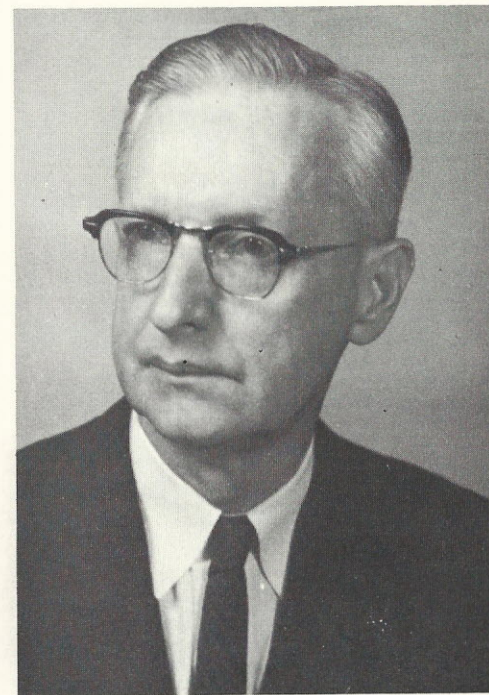

An open-minded person does not cling doggedly to ignorance, prejudice, ancestor worship, and to last year's bird nests. He looks at the new, weighs it against what he already has, evaluates, then if need be discards the old for something better. He spring cleans.

Most sincerely,

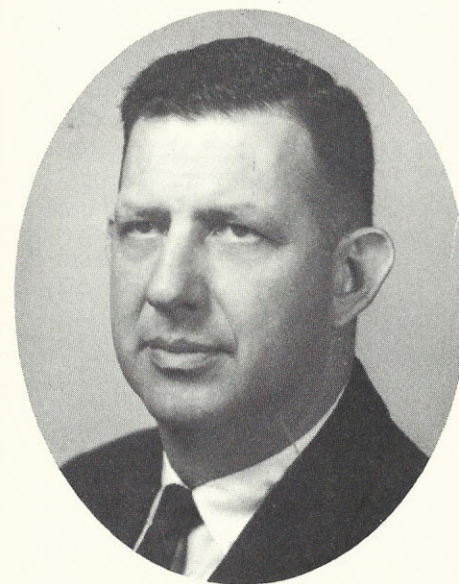

David Gruchy

EDUCATION AND MONEY

An ancient writer tells us that, on one occasion, Aristotle was asked how much educated men were superior to those uneducated. "As much" the Greek Philosopher replied, "as the living are superior to the dead."

This somewhat grim comparison might well be provocative of serious thought on the part of Parents, Teachers, and Students. For it is true that the educated man or woman possesses a fortune - not necessarily in money -- which "the wreck of matter and the crash of worlds" cannot take away.

Come in and see us.
