FOREWORD

In reality the past is not the past but the future instead. The Sound-Off records our activities here at CHA--activities which were both work and play at one time, but are now a lasting part of each of us.

The 1964 annual begins with last year's history and carries through this year's current events. We the staff of 1963-1964 hope you find meaningful recordings among the Sound-Off pages.

EDUCATION AND MONEY

An ancient writer tells us that, on one occasion, Aristotle was asked how much educated men were superior to those uneducated. "As much" the Greek Philosopher replied, "as the living are superior to the dead."

This somewhat grim comparison might well be provocative of serious thought on the part of Parents, Teachers, and Students. For it is true that the educated man or woman possesses a fortune-not necessarily in money--which "the wreck of matter and the crash of worlds" cannot take away.

Come in and see us.
