The Bugler

FOREWORD

As the school year draws to a close
 We take a backward look.
 All of you are in the picture
 we see--
 Cadets, Faculty, and Staff.
 You are the picture-- you are CHA
 of 1966.

You will find yourself here at
 work and play;
 You will find yourself in the
 early months of the year
 And at the year's close.
 You find yourself a wiser Cadet,
 we trust--
 A wiser and happier Cadet.

And the school has grown along
 with you:
 It is bigger and richer for having
 had you;
 You are a part of its tradition.
 Your picture will hang in the
 gallery of cherished memories--
 There are those who will look
 upon it with pride!

Remember Betsy and
 never squall;
 For into every life
 a little rain must fall.

Congratulations, Graduates

The senior marching up to the graduation platform has plenty to smile about and can rightfully enjoy a moment of pride when he hears his name called out to receive his long-awaited sheepskin.

Not only is the graduate jubilant at commencement time, but also the teaching staff, who have individually challenged him as a freshman, a sophomore, a junior, then as a senior---motivating his potential into actual achievement.

At this graduation moment even the admissions officer remembers with an approving nod the applicant four years ago, when his records were no more than an aptitude test score on an enrollment form. Who would have thought that this cadet was to win the physics medal or senior speaking award; and who would have guessed that the boy with two left feet was to win the Silver Saber Award!

Graduation is an all-important milestone to the student and to the Academy. It shows both that potential is becoming. It provides a brief reststop along the academic way to let the graduate catch his second wind, as he continues to potentialize.

The gym gets a new front

The band hall took off to a new location

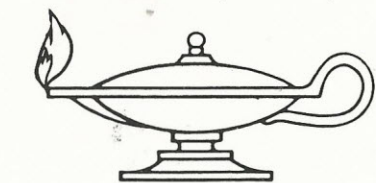

During the past school year the Academy added a magnificent Lobby to the front of Kennedy Gymnasium. It contains a spacious drawing room as well as two rest rooms. The outer porch with its fine graceful arches adds much to the architectural beauty of the campus.

Built simultaneously along with the lobby is a large, well-appointed Infirmary. The school has long needed such an acquisition. It was made possible by the Ladies of the Presbyterian Church in Mississippi.

76 ANNIVERSARY

EDUCATION AND MONEY

An ancient writer tells us that, on one occasion, Aristotle was asked how much educated men were superior to those uneducated. "As much" the Greek Philosopher replied, "As the living are superior to the dead."

This somewhat grim comparison might well be provocative of serious thought on the parts of Parents, Teachers, and Students. For it is true that the educated man or woman possesses a fortune not necessarily in money which "the wreck of matter and the crash of worlds" cannot take away.

Come in and see us.
