

Spring Break is Finally Here!

MARCO GUERRA – SANTIAGO, CHILE

After eight weeks on the campus of Chamberlain-Hunt, we are just a few days removed from our Spring Break. We are leaving school this Friday the 28th, and we are going back home to see our family and friends, for a period of ten days. CHA has enrolled students from over twenty different places, which makes scheduling departures somewhat difficult. The departures have to be perfectly arranged to fit the schedule of every student travelling, and Mrs. Janice Carter always does a wonderful job. I'm sure relaxing will be one of the most popular activities this break. For our seniors, this is their last break in high school, and we hope that they will have a nice one. 🍷

GO!

ANTHONY BOURGEOIS – NEW ORLEANS, LA

I have Go club after school every Tuesday. The game of Go is very simple to learn; however, it is very hard to play. The pieces consist of two different color marbles, usually black or white. The board is made of wood with little squares all over it, similar to a chess or checkers board. There are three different sized boards: 9x9, 13x13, or 19x19, the last of which usually takes two hours to finish if played correctly. The object of the game is to get the most amount of "territory" possible on the board by each player placing one marble one at a time on strategic spaces. One way to capture territory is to capture the opponent's pieces, known as "prisoners." You can do so by surrounding your enemy pieces with your pieces. Go is a very difficult game, but very fun as well. Mr. Anderson, who is in charge of Go Club, is very good. No one has been able to beat him yet. Many students enjoy this board game, and I think you will too. I would encourage all of you to try it; it is a great game. 🍷

A Great Season Comes to an End

RYAN GOODWIN – NORTH PALM BEACH, FL

The Soccer Team played our way to the Conference Semifinals this year in

what had to be the best season for CHA's soccer team in the last decade.

We made a tremendous effort in last Thursday's match, eventually losing to ACCS 2-1. Our overall record this year came down to 6 wins and 4 losses including our two playoff games. We fought hard, and our coach, Mr. Wes McClure, kept us going the whole way. We could

all give ourselves a pat on each others'

backs as our ever enthusiastic goalie, Jacob Leith, counted down our cheer one last time, "Wildcats on Three, ONE! TWO! THREE! Wildcats!!" 🍷

Track and Field... But Mainly Field

JERMAINE WEIR – NEW ROCHELLE, NY

We are starting track practice this week. It looks like we are mainly going to have a field team, since we do not have any runners. This year I would love for the track team to do well, and I think we can. The basketball team had a disappointing season, and I want to do well in at least one sport before I graduate in May. On the team this year are Keith Putnam, Richard Gunnels, Grant Merrill, Landon Ward, Ryan Goodwin, Arri Williams, Glenn Berquist, Anthony Valdez, and me. This year's track coach will be Alexander Tolbert, who also coached basketball. He will run us hard and make sure we are ready to have another good showing at the South State and State meets. 🍷

Music Room Renovation

SHREVE GUTHRIE, IV – PORT GIBSON, MS

Lately, the Maintenance men have been spending a lot of time in the McComb basement. They have been working hard cleaning up the music room. We first had to move all the music equipment from that room into another on the other side of the building. After that, they swept, vacuumed, and waxed the floor. They repainted all the walls and touched up the molding in the corners. Once the job is all finished in there, we hope to move all the music equipment back into the renovated room and start having class in there again. It often goes unsaid, but the maintenance men do a great job day in and day out, and we all want to thank you for that. 🍷

A Letter From the Editor

SHREVE GUTHRIE, IV – PORT GIBSON, MS

Spring Break is coming up next week, and it couldn't have come at a better time. This break is the last one before graduation. Spring sports are ramping up, and the last fall sports have all closed down. Congratulations to soccer for getting to the semifinals; they had a great run in the postseason this year.

Last week I wrote a few words that were untrue, and I certainly did not mean them in the way that some perceived them. I am sorry for any misunderstanding I have caused.

On a happy note, congratulations to Mr. and Mrs. McClure on their new baby! A healthy Samuel Robert McClure was born on February 15th. 🍷
