What is your favorite CHA memory? When it snowed this year

What hopes do you have for the class of 2015? That they will keep their heads up when times get hard at school and push through

Rollin' on the River

DANNY NITZ – BELLBROOK, OH

On Saturday, April 5th, CHA students, along with various teachers, went on a field trip to the Lower Mississippi River Museum. At the museum, we got to explore the wildlife that exists on the enormous Mississippi River. Once inside the museum, we watched a video that talked about the wildlife on the Mississippi and its flooding, along with how the river has had a large impact on expansion of the United States. Then we continued through the museum to different areas where we could listen to recorded audio of people's stories of their work and experiences on the Mississippi River. Everyone's favorite part about the museum was definitely being able to go into the Mississippi M/V (Motor Vessel). We were able to explore the different rooms and mess around with the Morse code machines (which obviously do not still function) and see what life was like on these types of vessels. The best part by far, however, was being able to go into the captain's cockpit and see how they controlled these vessels over 20 years ago! After we finished our journey through the Lower Mississippi River, we ended our day with a lunch break at Panda Express, a trip to the theater to see Captain America 2, Winter Soldier, and then back to CHA for a cook out! 🍷
