A New Flag Unfurls

The former flag was retired on 3 October 2008 during pass in review following our Founders Day celebration. It was presented to former president, COL Shane Blanton, in honor of his years of service to our academy. Our new flag, pictured right, now flies high above our campus.

MAJ Davey Arwine

Biology and Physical Science

New to Chamberlain-Hunt this year is MAJ Davey Arwine, Biology and Physical Science teacher to grades 9 through 11.

He received his Bachelor of Science in Biology from the University of Wisconsin and is currently working towards his Master's in Environmental Engineering at Kennedy-Western in Wyoming. While MAJ Arwine has no formal military experience, he was the Battalion Commander for his college R.O.T.C. unit.

*“ I always wanted to go to a military school
...I guess I got my wish! ”*

Though teaching science is what MAJ Arwine is here to do, he also feels that it is important to help Cadets understand the link between doing well in school and doing well in life. “I also want them to come to an understanding that teachers are here to help *them* reach *their* potential.”

In addition to teaching, MAJ Arwine enjoys fishing, playing in bands, riding his Harley, shooting, skydiving and martial arts. As a matter of fact, MAJ Arwine will be taking interested Cadets fishing on weekends. He also enjoys Irish music, history, travel, people, baseball (White Sox) and science in the Bible.

Born in Metamora, IL, MAJ Arwine grew up in a large family with 11 siblings.

Veterans Day Observance

As they do every year to honor veterans, Cadets will march the American flag down Church Street on Veterans Day. Following the marching of the flag, Mr. Carey Hauenstein, a former Marine and current trustee of the Academy, will address the Cadets and the local veterans who assemble for a program at First Presbyterian Church.
